## Turkmenistan May Tour

Turkmenistan

### Overview

Join experts in Turkmenistan travel, Koryo Tours, on this epic journey to Central Asia's most enigmatic and least-visited country; Turkmenistan.

We will see history unfold as we travel from ruined ancient cities to gleaming modern marble-clad towers. From flaming pits deep in the desert to deep subterranean pools of health-infusing water. We will make sure to visit the main sites during our time in Turkmenistan such as Ashgabat and the Darvaza Gas Crater (Gates of Hell), but also take you off the beaten path to really experience and understand Turkmenistan. Meet local people, learn about their lives and history, their differences and commonalities.

We look forward to sharing it with you in Turkmenistan!

This tour will be led by our Destinations manager and travel specialist Rich Beal, who first travelled to Turkmenistan more than ten years ago. Over many trips, he has made close friends there, explored widely, and maintained a deep interest in the country and region. Rich now lives in Ulaanbaatar, Mongolia - the perfect home for his many forays into the Central Asian region. You can rest assured that you will be in safe hands during your Turkmenistan tour and that you will get the most out of your trip into this unexplored land!
